**Principal Report**

**Head of the Lake**

Late February, three Phoenix P-12 Community College Rowing Crews contested the ‘Head of the Lake’. Whilst this is always an exciting day across Ballarat – this was true for Phoenix P-12 Community College as a school. For the very first time we had more than one crew rowing. Our rowing crew is expanding and we have much to be proud of. Our students were able to row in our own boat, a significant step in the development of our Rowing Program. First Phoenix P-12 Community College Spit Crew – this means for the first time we took a group of students to barrack and cheer for our students. I think it is fair to recognise the special effort of our piper, Duncan Brown, who played his bag pipes as the senior girls rowed their hearts out!

The results for 2016 were pleasing, but what is more exciting is that our students now have a taste for rowing and a real insight as to what the Head of the Lake looks like and feels like.

**Phoenix Buildings Update**

**Kindergarten**

Watch this space!!! Thursday 10th and Friday 11th March will go down in the history books of Phoenix P-12 Community College. Why you may ask? On these two days our Kindergarten arrived on the back of 12 trucks and was gently lifted into place with a crane. An amazing $1.4 million project that will formalise the relationship between our school and ECKA and the Sebastopol Kindergarten. Children will take up their learning in this state-of-the-art building mid-way in Term 2. The grounds and play space are super exciting and incorporate the most innovative and exciting play space, designed to support and nurture creative play.
Stage 3
Next week meetings will be held that enable the College to take the next step in Stage 3 Building. WOW! Schematic design is complete and this project will include:

- Extension to the Year 5 / 6 Village and designated play space.
- Hill Street Bus loop – creating a bus loop inside the College grounds. This is imperative in securing the safety of our students.
- Auditorium and Gymnasiums – the precinct of the Performing Arts, including a 250 seat theatre, associated music practice space and classroom, two gymnasiums linked to change room facilities.
- Technical Teaching Space – to bring the teaching of Woodwork, Metal Work and other technologies into the 21st Century.

All these buildings have again been designed by Y2 Architecture which is an incredible achievement. In effect this will ensure that our buildings have the same design principles and all fit together harmoniously within our precinct.

F1 In Schools Program
Our two teams Plasma Strike and Momentum have had the privilege of travelling to Penrith in New South Wales to contest the National Titles. They have been enormously successful and achieved the Endeavour Award for Team Momentum and Team Plasma Strike placed in the top three for both their Portfolio and Best Managed Enterprise.

Well done to both teams!

Student Learning at Phoenix:
First term has been all about setting the scene for the learning that will take place throughout the year. Our students have an active program and all lessons are commencing with a “DO NOW” activity. This activity gets students primed for learning and ensures they are active learners from the moment they step through the door.

We have had a wonderful smooth start despite our hectic schedule of Athletics and Swimming Carnivals. All students P-12 are involved in the College Pastoral Care program. This occurs across the College at 12:00 noon on Wednesdays. This is an important time where students have an opportunity to build connections with mentors and peers, and engage in explicit teaching of the College values: Respect, Responsibility. Integrity, Cooperation and Excellence.

School Leaders for 2016
We have a comprehensive team in place and they are always willing to assist with the learning development of students. You should not hesitate to contact them if you have questions.

- Jill Ebbs – Student Learning Programs
- Deanne Joosten – eLearning

2016 College Council
It is with pleasure that I am able to announce the College Council for 2016. We thank the following people for accepting positions on Council and we are grateful for the contribution you will make across the course of the year.

The College Council is made up of six Parent Representatives, five DET Representatives, three Community Members and two Student Leaders who have been co-opted onto the group.

Parent Representatives:
- Mr Jarrod Page, Mrs Karen Bartsch, Mrs Rosslyn Lonie, Mrs Georgina Hocking, Ms Cherie Brown and Mr Brett Page.

DET Representatives:
- Mrs Karen Snibson, Ms Angela Quinn, Mr Mick Benoit, Mr Bastiaan de Bondt and Mrs Annette Bedford.

Community Representatives:
- Ms Joanne Guerts representing ECKA
- Mr Brenton Smith and Ms Leslee Jackson representing the Smith Family.

Mrs Karen Snibson
Acting Principal

SENIOR SCHOOL REPORT
It has been a good start for our Years 11 and 12 cohort and they have been working well in all classes and taking opportunities to work after school. The students completing a VET course need to make sure they are utilising Ms Kennedy to find Industry Placement and are beginning to firm up their pathway options.

Each student from Years 10-12 will have official paperwork to sign for our VASS enrolments so must ensure they attend Pastoral Care Group sessions each week. This program also provides many opportunities for students to access special programs and find out about work/study opportunities.

The Events Management students are organising the first Senior School Social for the year on Tuesday 26th April. Pricing will be built around meeting school attendance rules.

The second term is almost here so please ensure that you arrange a time to see teachers at Parent/Student/Teacher Conferences to ensure you have an up to date and full understanding of where your child is placed in terms of meeting outcomes and competencies. Please remember reports will now be placed on your Compass.
account and you can access them at any time online. Logon details are available from school and it’s a fantastic resource to check on attendance data, learning tasks, work submitted and reports for your child.

Mr Andrew Greed
Assistant Principal - Senior School

MIDDLE SCHOOL UPDATE

Class Work
We are at the busy stage of the term where students will be completing their first major assessment tasks. To assist with this we ask that parents assist students to have productive study spaces; by this we mean access to a clear and quiet work space. Planned and regular homework time, free of the television or the interruption of other electronic devices, is a good idea. Please ask your students about their homework and check for due dates. It is important that we all encourage students to meet their due dates and establish positive study habits at this early stage of the year. Parents can check on Compass to see the Learning Tasks that students are working on in each class.

Student Interim Reports
Teachers are currently completing Student Interim Reports for each subject for each student in the Middle School. These Interim Reports will be available for parents to access on Compass from Wednesday, 16th March. Parents will also be able to book Parent/Student/Teacher Conferences via Compass from this date as well. Any parents who cannot access Compass and Interim Reports can contact the College on 5329 3293 to have access organised or a hard copy printed.

Uniform
The vast majority of our students are wearing the uniform proudly and in alignment with our College uniform policy. It is important to note that the uniform needs to be worn to and from school in addition to the time that students are actually at school. Students and parents are reminded to refer to the College Student Diary for full uniform details.

Some Uniform Reminders:
• Girls Summer School Dresses should be no shorter than 5cm above the knee and the dress width adjuster bar on the back of dresses must not be tied up with hair bands or elastic bands.
• Any Hair Colour should be natural colours. Extreme colours such as pink, purple, blue etc. are not permitted.
• Nail Polish should be clear or natural nail polish and nail extensions are not permitted for health and safety issues.
• No facial piercings are acceptable, except for a plain nose stud. Tattoos are not allowed to be visible when in school uniform.

Mr. Wayne Johnston

F1 In Schools

Day 1: Set-up. Registration and practice runs with their competition cars and finishing Pit Display set up.

Day 2: Judging. The morning was spent selecting their race cars for submission. The judges took away the cars and spent a few hours critically analysing every facet of the cars, ensuring the students had complied with the detailed rules and regulations. First part of the competition was the Pit Display set up. On completion of the Pit Display the critical review results were released. Plasma Strike was through with a clean car but Momentum were called to the Judges Station and had to try and fix any identified issues to their car. Fortunately their car was passed through losing only four of a total of 80 points.

Day 3: Verbal Presentation. Both teams had their verbal presentations (8 minutes) to impress the judges with their knowledge of the process. Both teams experienced an intense interview process for their engineering and manufacturing process. The disappointment came in the times they achieved for their automatic racing. Unfortunately issues with Team Momentum’s car meant that they achieved a much slower time. Team Plasma Strike ran a pretty fast time. At the end of the day’s competition they were sitting equal second for their lap time.

Day 4: Tours, Workshops and Awards Evening. This morning we were off to Richmond to the RAAF Base for a tour and workshops. The competition culminated with a very fancy Awards Dinner in the theatre at the Penrith Panthers Complex. Team Momentum took away the Endeavour award and Team Plasma Strike placed in the top three for both their Portfolio and Best Managed Enterprise.

Team Momentum:
Hudson Sharp, Jordan Blake, Manning Worsley, Kruiz Jenkins and Jake Roberts.

Team Plasma Strike:
Mitchell Collins, Sharon George, Aimee Stowe, Chris Jowett.
Compass Kiosk

Students Signing In & Signing Out

The College now has a Compass Kiosk located near the General Office. This allows students who are late to school to sign in and Compass records this information ‘live’ on our system.

Some students seem to think by signing out with the Compass Kiosk this is giving Parent or School Permission to leave the College during the school day. **This is not the case.**

The only students permitted to leave the College grounds at lunchtime are Year 12 students and those who go home for lunch, having been granted a lunch pass after parent permission.

If any student needs to leave the College at any other time, a note stating the date, time, reason for absence and signed by the parent/guardian should be handed to Mrs. Bedford in her office before school on the day of the intended absence. The student should then sign out with Mrs. Bedford or the Compass Kiosk before leaving the College. Students need this parent/guardian permission before they can sign out. They should not be signing out via the Compass Kiosk without this permission.

Full details of this process can be found in the College Student Diary.

Mr. Wayne Johnston
Acting Assistant Principal - Middle School

STUDENT INTERIM REPORTS

Teachers are currently completing Student Interim Reports for each student. These Interim Reports will be available for parents to access on COMPASS from Wednesday 16th March. Parents will also be able to book Parent/Student/Teacher Conferences via COMPASS from this date as well. Any parents who cannot access COMPASS and Interim Reports can contact the College on 5329 3293 to have access organised or a hard copy printed.

PARENT/STUDENT/TEACHER CONFERENCES

Due to a short Term 1, Parent/Student/Teacher Conferences are scheduled for the first week of Term 2.

**Session 1: Thursday 14th April, 4.00pm – 7.00pm**

**Session 2: Friday 15th April 9.00am – 3.00pm**

All parents should have received critical information regarding ways to access Student Reports and how to book Parent/Student/Teacher Conferences on COMPASS.

Parent/Student/Teacher Conferences are a really positive way for parents to make contact with the classroom teacher and to get to know them. Parent/Student/Teacher Conferences are designed to be an interactive conversation between students, parents and teachers and are just as important for those students who are doing well as they are for those students who require extra assistance.

It is expected that students will accompany their parents to the Conference. The format of the Conferences will be the same as previous years and it will be essential for students to book appointment times through Compass that suit both parents and teachers.

These Conferences will provide an excellent opportunity for both parents and students to discuss the Student Interim Report and general progress being made.

We look forward to seeing students and parents during these Conferences.

Mr. Wayne Johnston
Acting Assistant Principal

COMPASS School Manager
FROM THE BUSINESS MANAGER

COMPASS PHOTOS
Compass Photographers spent last Thursday taking catch up photos for those who missed out on photo day in February and group photos. You will be alerted on COMPASS when they are available for viewing and purchase. Please direct all your queries regarding photos to COMPASS directly either through the online system or over the telephone on Dial 9005 5217 Press 2 then 1.

COMPASS ACCESS
Please remember - you need access to COMPASS to keep up with life at Phoenix College. Each family has a unique login and password. New families and those who have not yet logged onto the system should have received a letter in the mail last week explaining the system and how to use it, and also containing your unique family login details. If you have difficulty logging on, or do not have your logon password, please do not hesitate to contact the General Office 5329 3293.

Maintaining Family Details
Some families have contacted us to let us know they have relocated or changed their contact numbers; thank you. Please remember if any of your family’s personal details have changed you need to let the General Office know so our records are correct and we are able to contact you in case of an emergency.

If you have a new or recently changed email, please make sure you let us know so the monthly Newsletter and Family Accounts can be delivered via email.

FAMILY ACCOUNTS
Statements were sent out early March reflecting charges for 2016. Families with balances from 2015 would have also received a statement early January. Payment would be appreciated please.

Educational costs include Subject Fee, Amenities Fee, other Core Curriculum costs including Lockers, ID Cards, and various Curriculum activities, ICT Network, Printing, College Magazine and the Student Diary/Handbook according to year level requirements.

Additional Costs
Senior Elective Fees (Years 8 – 12) are incurred when students choose their subjects and are charged to Family Accounts per semester accordingly. Additional fees are incurred for Musical Instrument Hire, Specialist Sports, and Years 10-12 (VET & VCAL) subjects and other extra-curricular activities as selected.

Elective charges will be processed at the beginning of the year for Semester 1 and Semester 2.

If you have overpaid, please do not hesitate to contact the College. I am available any time if you wish to discuss a payment process. It would be appreciated if you could please try to pay these accounts as soon as you can.

Ms. Lorraine Hayes
Business Manager
On 25th and 26th February, the Senior Band made a trip to Nhill for a Music Camp and what a great time we had. We were joined by Stawell Secondary College, of course Nhill College also, and this made about a 40 piece band which was a great turn out. Band Camp is always something I look forward to, as does everyone else and once again it was a huge success. It gave us the chance to meet new people, as well as see our old friends again from Band Camp and the Band Festival. We had the opportunity to develop our music skills and individually improve and increase our confidence with music, including creating new friendships.

The music was challenging for every single one of us but that was the fun of it; striving to achieve goals and becoming better and better. The music pieces involved ‘The Magic of Harry Potter’, ‘Hey Soul Sister’, ‘Viva La Vida’ and lots of other intriguing ones. However it wasn’t just sitting down and playing our instruments the whole time... it was full of fun! We took lots of photos and we will remember the whole experience. McDonalds on the way home was a nice touch.

However, there was a down side to this music camp... having to leave school at 6:30am, not my favourite part. We did discover that our bus driver plays Tuba after driving for two minutes from the school, which resulted in Mr Netherway inviting him to come and play with us, so we drove back to the school and grabbed a Tuba. Hats off to our bus driver, Michael, who did an amazing job!

Thank you to everyone from our Band who came and made the effort. Everyone did such a great job. Also thank you to Alex Polley, who graduated three years ago, for coming back and sharing this experience with us once again. Thank you to Ms Saxton from Nhill and Mrs Hemley from Stawell as without these two teachers this would not have happened. Last but not least, a HUGE thank you to the legend Mr Netherway for making all this possible and for making it such a memorable journey for each and every one of us.

Jemma Harris, Band Captain 2016

A proud member of the Phoenix College Senior Band.

Bridgette Yeoman
Art Teacher
Our Intermediate boys and Senior girls and boys Tennis players competed in the Inter-School Tennis competition at Prince of Wales Park. In extremely hot and windy conditions the students competed really well. The Senior boys were successful in their pursuit for glory, defeating Beaufort Secondary College, Mount Clear College and Daylesford Secondary College and have advanced to the next round at the Western Zones. All the students represented the College admirably and showed a high level of sportsmanship throughout the tournament. Well done!

Scott Whitelaw - Tennis Coach

The Senior Boys played in the Regional finals on Wednesday 9th March against Warrnambool and Trinity College Colac. The boys were unsuccessful in their pursuit for glory but played resiliently and their sportsmanship was nothing short of admirable.

Scott Whitelaw - Tennis Coach

Mikayla Hogg competes at Interschool Equestrian events as an extra-curricular activity. Last year she held the State Champion title for the Primary School section (90cm jump) and travelled with the State team to Sydney to compete in a National Event. This year she is hoping to do the same, competing in the Stars division of the Secondary School level which is the highest level, jumping 125cm. She is gearing up to compete at the State Championships again in April.

We wish her well.

Good Luck!

RETURN TO THE FORBIDDEN PLANET!!

Space matrix...check. Photon shields...check. Gravitational resistors...check! Time to commence countdown...10, 9, 8, 7, 6, 5, 4, 3, 2, 1.....Ignition!

Strap yourself in as Phoenix P-12 Community College take you into hyperspace with this year’s school production of ‘Return to the Forbidden Planet’.

Mixing Shakespeare with classic rock 'n' roll songs, we invite you to join the ‘very dreamy’ Captain Tempest and his crew aboard the Space Ship ‘The Albatross’ for Scientific Survey Flight Nine.

Along the way we meet aliens, robots as well as the mysterious Doctor Prospero and his daughter Miranda. The adventure is packed with love, loss, betrayal, heartbreak and of course plenty of singing and dancing.

We would like to say a huge congratulations to all the cast for their fantastic auditions. As usual it was a tough process when we have so many talented students. Rehearsals are underway with some great choreography and singing bursting out of the drama room. It is such a fun musical this year, one which allows us to be creative and out of this world.

**Performance dates will be 9th and 10th June at Her Majesty’s Theatre Ballarat. Stay tuned for more information on tickets...**
YEARS 7 & 8 AFTER SCHOOL PROGRAM

The Years 7 and 8 After School Program for students commences Tuesday, 8th March @3.15pm. Afternoon tea will be provided to all students who wish to participate. Any student who would like to come along and wants more information, please see Mrs Bedford in the Bonshaw office to register. New and returning students are welcome. The program will finish at 4.30pm sharp and parents can collect students from the front of the school. The program will also run in Term 2 starting on Tuesday, 19th April.

2016 National Day of Action against Bullying and Violence

The National Day of Action against Bullying and Violence will be held on Friday 18th March 2016. The National Day of Action provides a focus for schools and the wider school community, including parents and carers, to strengthen their everyday messages against bullying and violence. All students at Phoenix P-12 Community College will be participating in activities across the week to raise awareness about Bullying and Violence.

Did you know?

- One in four Year 4 to 9 students report being bullied every few weeks or more in Australia.
- Cyberbullying appears to occur more often with older students.
- Less than one in 10 students reported bullying through technology during a school term.

Parent and carer information.

- There is a section on the webpage dedicated to educating parents and carers about bullying, harassment, discrimination and violence in schools. This information provides opportunities for a holistic approach to educating and supporting young people in both home and school settings and aims to promote positive and open conversation opportunities around Bullying and Violence topics.

Please check out the website for further information http://www.bullyingnoway.gov.au/
MINDFULNESS COLOURING COMPETITION

Opening Date: 14th March
Closing Date: 22nd March
Winners Announced: 24th March

Where to enter: Entries can be collected and submitted in all Villages across both College campuses.

The Healing Power of Colour: What started as a niche hobby has now turned into an international trend, as colouring books find themselves on more and more bestsellers’ lists throughout the world. However, while this trend may be a fun way to pass the time, it’s the books’ therapeutic properties that really have them flying off shelves.

Considering the inability to focus is often a symptom of anxiety or stress, it makes sense that colouring books help to reduce these symptoms. Findings have found that colouring elicits a relaxing mindset, similar to what you would achieve through meditation. Like meditation, colouring allows us to switch off our brains from other thoughts and focus on the moment which we rarely get to do during the hustle and bustle of everyday activities.

To eat or not to eat, that is the question!!

We seem to have a number of students who don’t appear to eat while at school.

Please make sure your child has a nutritious lunch provided for them each day. Whilst it is important that our young people develop independence, leaving it entirely up to them to make their own lunches often results in them not eating at all.

If time in the mornings is an issue, encourage them to make their lunch the night before. Make sure the ingredients necessary are available for your child to use. Supervise them until they can comfortably complete the task.
